

# Whyville

## Log-in Instructions

The AALAS Foundation teamed up with Whyville to bring you the Whyville Community Animal Research Environment (C.A.R.E.).

At C.A.R.E. you can learn the facts about how and when lab animals are needed in research, and how they're cared for in a research environment by playing fun games & activities!

### Explore CARE and Whyville

1. Visit <http://www.whyville.net/smmk/top/gates?source=aalas>
2. Create your avatar by selecting a head, clothing, mouth, eyes, nose, and hair.

Welcome to AALAS in Whyville!

Whyville has recently teamed up with the American Association for Laboratory Animal Science Foundation to bring you the Whyville Community Animal Research Environment (C.A.R.E.). At C.A.R.E. you can learn the facts about how and when lab animals are needed in research, and how they're cared for in a proper research environment by playing tons of fun games & activities!

We hope you'll visit C.A.R.E. for a tour, and learn just what these hard-working scientists do!

Sponsored by: **af** AALAS FOUNDATION

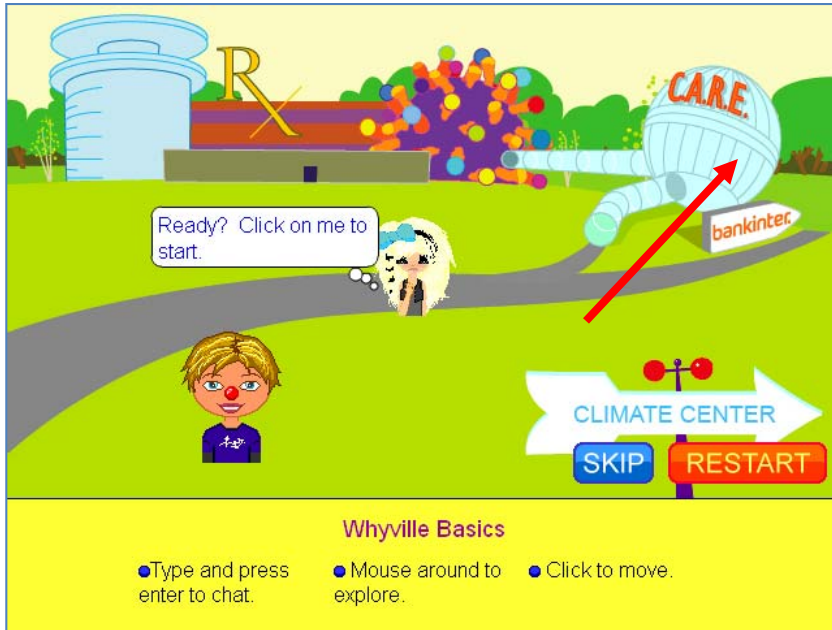

This goes in the bird cage!

I wonder what the bowling ball is for.

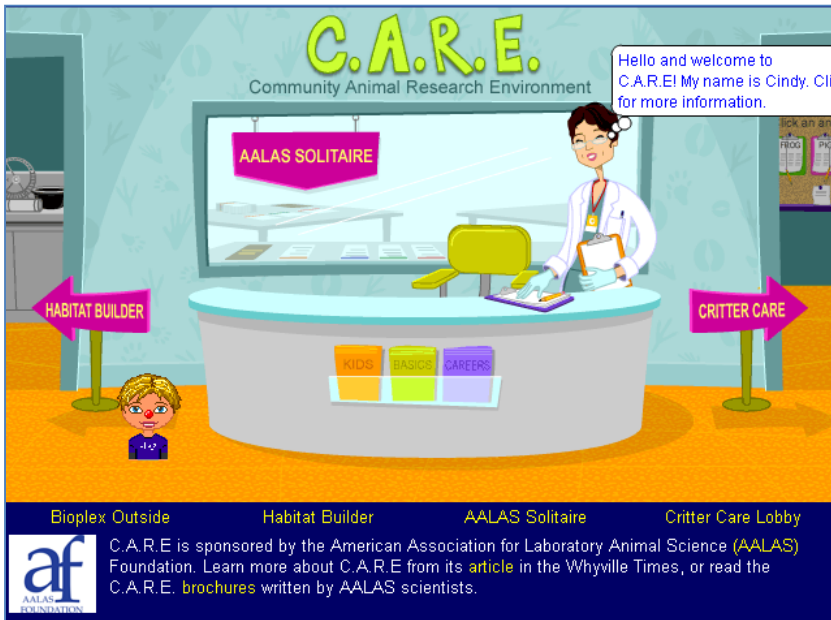

I got 2 items right already! I rock!

4. Follow the guide's instructions.

- Click on guide to begin, type "hello" to chat with your guide, click on CARE entrance

5. The CARE Lobby is the portal to our three games – Habitat Builder, Critter Care, and AALAS Solitaire.

If you have questions, please contact:
